In response to your Request for Additional Information dated November, 22, 2011 regarding several voided disbursements that were repoted by the RRD GGF. These voided disbursements were issued checks that had never been cashed by the recipient committees dating back to 1993 and had been carried as reconciling items by the RRD GGF until the time they were reported as voided. These items had been previously reported as: Gill for Congress, issued 08/11/1996 and reported on the September 1996 monthly filing; Citizens for Dan Blue, issued 12/01/1993 and reported on the 1993 Year End filing; Jeb Bush for Governor, issued 05/05/1994 and reported on the June 1994 monthly filing; Green for Wisconsin, issued 05/11/2006 and reported on the June 2006 monehly filing. The Romney for US Senate check, issued for \$250 on 08/08/1994, we were unable to locate on any filings. We beleive that this check was never presented to the committee nor was it removed from our books.

Please be aware that the PAC now conducts a monthly reconciliation. The Cash on Hand is now accurately reflected and will be on all future filings.
